### **REASONS FOR ALLOWANCE**

1. Claims 1-12 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1, 6 and 7 are allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest, "an exclusive area through which light passes for forming a beam spot on optical discs of the first format but not the second format" as set forth in the claimed combination. Claims 2-5 and 8-12 are also allowable based on their dependence thereto.

The prior art of record, Saito teaches an objective lens for an optical pickup configured for use with optical discs of a first format and second format wherein at least one surface of said objective lens being an aspherical surface, said surface being divided into an effective area and an outer area outside said effective area, said effective area and said outer area being formed such that a predetermined gap is caused between a spherical aberration of a light beam passed through said effective area and a spherical aberration of a light beam passed through said outer area, a diffraction lens structure being formed on said at least one surface within said effective area. However, Saito does not teach the first format having a higher information density than the second format and that an exclusive area through which light passes for forming a beam spot on optical discs is for the first format having the higher information density but not the second format and there is no motivation or teaching to modify this difference as derived. Saito teaches that the exclusive area, interpreted as area Sd2 in

Art Unit: 2872

Figure 12(a) is for the Compact Disc (CD) format which has a lower information density than the second format (i.e., Digital Video Disc or DVD).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
